

## CURV CANOPY SIZING CHART

**THE MODEL AND SIZE CANOPIES LISTED IN THE RESERVE AND MAIN TABLE ARE GUIDELINES ONLY. IT IS THE RIGGER'S RESPONSIBILITY TO ENSURE PROPER FIT OF CANOPIES.**

Individuals who pack in different environmental conditions and locations, in addition to packing techniques, may find considerable variability of what canopies will pack in a given size container. **This list is NOT all-inclusive and may not have all exceptions, or types of canopies, and is subject to change.**
