Parachute Riggers

Date: October 8, 2004

To: Whom it may concern

On this date I contacted Velocity Sports Equipment and spoke to company president, Mr. Kelley Farrington. He advised me that Velocity Sports had acquired Northern Lite Enterprises *(no longer doing business)* and that they provide customer and product support the products manufactured Northern Lite Enterprises.

Mr. Farrington also informed me that this manual, "Northern Lite III Owners Manual" is applicable to containers manufactured by Northern Lite Enterprises, Inc which have serial numbers below 6000.
